

Safety Plan Analysis Worksheet

Mark Case

Questions/Response Options:

1. What is the danger threat?
 - A. Explanation for injury is questionable or inconsistent with the type of injury.
 - B. Drug Exposed Child
 - C. Family refuses or limits access to child
 - D. Both A and B

2. How are the children vulnerable?
 - A. Child's communication and cognitive processing skills are limited
 - B. Child's understanding of cause and effect is limited
 - C. Child may have no or very limited understanding of what drugs are and their danger.
 - D. All (B, C, D)

3. What is known about protective capacities?
 - A. There are not any protective capacities identified.
 - B. Mother voluntarily requested urine test for her son, possibly demonstrating concern for child's health
 - C. Mother does not use drugs

4. What safety decision is most congruent with available case information and in alignment with danger threats, child vulnerability and protective capacities, plus diligent efforts and least restrictive setting?
 - A. Child is safe
 - B. Conditionally Safe: child remains in his home with safety interventions provided.
 - C. Child needs to be placed in out-of-home care

5. What safety actions are needed, if any?
 - A. Child will stay at Mom's friend's apartment temporarily
 - B. MGG will provide sole supervision to the child in the household and transport child to/from daycare. MGG's friend will not be allowed to visit with child present.
 - C. Mom will move to her friend's apartment, and contact with her child will only take place with either the CPI or Case Manager present
 - D. B and C
